I like to store my bolts in gridfinity bins, but I always missed a nice label on top of the bins. So I created labels for M2, M3, M4, M5, M6 and M10 bolts with varying lengths for gridfinity boxes (width=1).

I printed the base in black, and the last 2 layers with a white filament. But you can of course adjust that to your taste / needs.

Hope you like them!

Regards

Update: Added M2.5 labels.
