Your workshop's new secret weapon for perfectly snug corners. This little marvel transforms any plywood or wood project from 'meh' to masterpiece with ease.

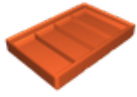

Designed to caress plywood or wood into submission, achieving that dreamy 90-degree angle is like having an extra set of hands to hold everything just in the right place.

What's included:

- 3 x Wood Gripper Corner Clamps for 6mm, 12mm and 18mm thicknesses (print as many as you need!)
- Gridfinity Wood Gripper Corner Clamp Holder (stores 4 clamps)

See them in use on my site: <https://handsonkatie.com/>
