### Summary

A collection of quickly printable Skadis tool mounts

[Hobby & Makers](#) > [Tools](#)

Tags: [organizer](#) [organization](#) [toolholder](#) [skadis](#)

This is a collection of tool holders, where the focus lies on quick access. Almost all prints can be printed without supports.

I will add more tool mounts in the future and update them here.  
Latest Update: 10.08.21

A few models are remixes, which unfortunately cannot be found (yet) on prusaprinters. Attributions of the respective models can be found in the file notes.

Please note that I designed the holders to fit the tools that I have, so the holders for off-brand tools, such as the caliper or hammer, might not perfectly fit yours.  
Also the fit is very tight, so be careful when pushing it into the holes.
