Summary

Hold up your object with these painting pyramids allowing you to paint or varnish both sides in a single session.

[Hobby & Makers](#) > [Tools](#)

Tags: [painting](#) [woodworkingtool](#)

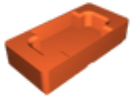

Don't let your paintwork get stuck to the table! Don't wait forever for one side to dry - do it in a single session! "But how?" I hear you cry. Use these Perky Peaks Painting Pyramids to hold up your work. The small surface area of the tips minimises contact with the paintwork or varnish, allowing you to quickly cover both sides with minimal fuss.

Includes

- Perky Peaks Painting Pyramid - print as many as you need!
- Gridfinity Perky Peaks Painting Pyramid Holder

See them in use on my site: <https://handsonkatie.com/>
