updated 22. 2. 2023 | published 22. 2. 2023

### Summary

Gridfinity-bin for the SS-02 solder sucker

[Hobby & Makers](#) > [Organizers](#)

Tags: [soldering](#) [gridfinity](#) [engineerss02](#)

This is a little stand for the Engineer SS-02 with some holes for the spare tube

UPDATE 22.02.2023:

- Remade the entire F360 project file using [this Gridfinity Add-in for Fusion 360](#).
- F3D & STEP files are now proper project files.
- The bin now has proper Prusa-style screw holes!
- Bin is now smaller, and the fit is more precise.
