This collection is a curated list for the Gridfinity system that includes Structural prints and common applications. The collection excludes any designs for unique tools or vanity items. Please like/favorite the original posts

If you are unfamiliar, please see the original video on the Gridfinity project:

If you think your design would be a good addition to the list or would like your design removed, please message me.

Dimensions:

Bin Length and Width are 42mm.

Bin height is in multiples of 7mm + the lip the Bins stack on is 3.8mm.

1x1x1 Bin would be 42 x 42 x 10.8mm.

2x2x2 Bin would be 84x 84 x 17.8mm.

The Magnets are 6mmx2mm.

These dimensions are guides for the system, individual applications might differ.

To create custom parts you can use the designs listed in the SCAD folder.
