Toy furniture designed to be compatible with Fisher Price Little People playsets. In this case, designed to replace the missing components of the Big Helper playset.

- The chair features a 32mm slot to accommodate a Little People figurine.
- The bed is sized to allow a typical figurine to lay down.
- The table is... A table.

The design is vaguely “modern” with gentle curved legs to allow for easy printing. I did need to print with some supports in the middle to prevent sagging, but you may not need supports.
